NOTICE OF SUPPLY CHAIN MANAGEMENT

APPLICATION FOR REGISTRATION ON DATABASE

Paragraph 14(1)(a) of the Municipal Supply Chain Management Policy states that the municipality must keep a list of accredited prospective providers of goods and services that must be used for the procurement requirements. The Minister of Finance announced in the 2015 budget speech, the development and future use of the Central Supplier Database (CSD) as a way of simplifying the process of doing business with government. The Central Supplier Database (CSD) will be the source of all supplier information for all organs of state. The CSD will reduce the exchange of compliance documents in paper form, eliminate multiple registrations with different organs of state, and ultimately reduce the cost for both business and government by enabling electronic registration and verification processes.

The CSD will interface with the South African Revenue Service (SARS) to verify tax clearance certificates and the Companies and Intellectual Property Commission (CIPC) for business registration and business ownership information. The CSD will furthermore verify supplier information with the register for tender defaulters and database of restricted suppliers.

Prospective suppliers should self-register on the CSD website www.csd.gov.za. Apart from registering and capturing supplier information on the CSD, suppliers currently on any database of organs of state need to maintain their records through the existing supplier systems until 31 June 2016.

Service providers with active accounts on Western Cape Supplier Database (WCSD) will be migrated to the Central Supplier Database and will have to activate their accounts on the self service portal.

The usage of the CSD will come into effect from 01 July 2016. REGISTRATION WILL BE COMPULSORY IN ORDER TO CONDUCT BUSINESS WITH SALDANHA BAY MUNICIPALITY. The database will be used to verify the accreditation of a supplier before an award can be made.
