## HELP US TO ENSURE YOUR PREPAID ELECTRICITY METER CODE STAYS VALID - ENCRYPTION NUMBER RESET

In November 2024, the encryption key in all “Standard Transfer Specification” (STS) prepaid electricity meters used in the Saldanha Bay Municipal area will expire. Consumers who are using these meters will thereafter not be able to buy electricity, unless the relevant prepaid meter has been reset.

### Changeover process:

As part of the necessary changeover process and to ensure a seamless continuation of service, Saldanha Bay Municipality has contracted service provider **Ontec**, to undertake the prepaid electricity meter audit and Token Identifier (TID) roll-over programme on the Municipality’s behalf. Ontec will audit all STS meters’ key revision numbers in the two-part reset key, before the November 2024 deadline. The TID roll-over programme will ensure that consumers using STS meters will still be able to purchase electricity after November 2024.

**Where meters have not been reset to the new key revision, consumers will not be able to enter purchased pre-paid electricity.**

### Please note:

The meter auditors will commence with inspections in the Saldanha Bay municipal area at the end of March 2022 and will continue until 30 June 2023. They are under strict instructions to follow all prescribed COVID-19 health protocols and guidelines and sanitise before and after entering homes or business premises.

Saldanha Bay Municipality calls on its consumers to assist the Municipality by granting the meter auditors access to their residences or businesses to inspect the effectiveness of their prepaid meters and to complete the TID roll-over. Before allowing them to enter, please make sure that they are carrying the required identification card and that they can produce a copy of the official appointment letter as issued by Saldanha Bay Municipality.

The meter auditors will visit residences and businesses between 08:00 and 18:00 on weekdays, Monday to Friday. Where it is not possible to grant them access during these hours, appointments can be made to conduct the meter audit after hours.

### For more information, please contact:

- Cassie du Preez, Saldanha Bay Municipality on telephone (022) 701-7123
- Deneille Jacobs, Ontec Services on mobile 083 300 2318
