PLACEMENT OF THE OLIPHANTSKOP SEWER PUMP STATION

We, Dartingo Trading 36 (Pty) Ltd. hereby give consent to the sale of a portion of Erf 10512 for the placement of the Oliphantskop Sewer pump station subject to the valuation being acceptable to ourselves as selling price. This portion is in the road reserve as indicated on the attachment drawing. We will require that Saldanha Bay Municipality takes full responsibility for the operation and maintenance of the pump station and surrounding gardening and ensures that it will be visually and architecturally acceptable to suit the adjacent developments on Erf 10512, Langebaan. Saldanha Bay Municipality must ensure that the pump station reserves sufficient capacity for the development on Erf 10512, Langebaan. According to the most recent GLS Sewer Masterplanning dated June 2019, this would be a minimum of 211,5 Kl/day.

We note that there will be no cost to Dartingo for the sewer pump station project.

RECOMMENDATION	Approval	X	Refusal	
FACTOR FOR MOTIVATING RECOMMENDATION	The relocation and upgrading of the pump station are required to accommodate the developments in the area;			

3. BACKGROUND

The function of the new pump station is to accommodate the existing and proposed sewer inflows from the immediate draining area. Currently the sewer is received at the Mykonos pump station and then gets pump towards the Strandloper pump station. There are pump stations situated within the Blue Lagoon area which regularly overflow due to excessive overloading from the Mykonos drainage area.

The Northern part of Langebaan is a development node with lots of commercial and residential developments, including schools (Curro Castel, Curro Langebaan and Long-Acres), Day-Clinic and planned Private Hospital, as well as a Retirement Villages. Mykonos resort and related residential developments within the perimeter of the greater Mykonos area (Paradise Beach, Aegean Heights, Marina Village, Marina Edge, Apollo-Ridge have all been developed in recent years and are expected at the current development rate, to be fully developed within the next 3-5years. Expansions are also planned for Tsogo Sun and adjacent erven.

Several commercial, retail and residential developments have also been planned and are already under construction in areas west of Mykonos, north and north-west of Laguna Mall, as well as at the Mykonos/Jon Olafsson Street intersection. The abovementioned factors have all contributed to the need for the urgent expansion, investment and development of bulk infrastructure by both Saldanha Bay Municipality and private developers.

The existing pump station will be replaced with the Olifantskop pump station. The new Olifantskop pump station will be adjacent to the existing pump station hence the request for approval to acquire a 1190.5m² portion of erf 10512 Langebaan.

4. DISCUSSION

Confirmation of a willingness to sell was received from the landowner. See confirmation letter from the landowner attached as **Annexure "B"**.

The landowner has agreed to alienate the portion subject to the following conditions:

1. That the valuation is acceptable to them as selling price.

2. SBM take full responsibility for the operations and maintenance of the pump station and surrounding gardening and ensure it will be visually and architecturally to suit the adjacent developments on erf 10512 Langebaan.
3. SBM must ensure that the pump station reserves sufficient capacity for the development on Erf 10512, Langebaan that according to the most recent GLS Sewer Master Planning dated June 2019, is a minimum of 211,5kl/day
4. That there will be no cost to Dartingo Trading 36 PTY LTD for the sewer pump station.

Provision for this project was made on the 2022/2023 Capital Budget of IPS Department which includes the purchase price, survey and deeds registration fees. A valuer needs to be appointed to obtain a value as purchase price.

POLICY FOR THE MANAGEMENT AND ADMINISTRATION OF IMMOVABLE PROPERTY

3.1 Council may:-

- 3.1.2 Acquire immovable property and rights in a property by way of private treaty, cession, donation and expropriation to support its strategic objectives.

ASSET MANAGEMENT POLICY:

26.3 Acquisition

In making the decision to acquire an asset the following fundamental principles should be carefully considered:

- The purpose for which the asset is required is in keeping with the objectives of the municipality and will provide significant, direct and tangible benefit to it.
- The asset has been budgeted for.
- The purchase is absolutely necessary as there is no alternative municipality asset that could be upgraded or adapted.
- The asset is appropriate to the task or requirement and is cost effective over the life of the asset.

The current, new and future development factors of the area, as mentioned in the background discussion, has all contributed to the need for the urgent expansion, investment and development of bulk infrastructure by both Saldanha Bay Municipality and private developers, hence the need to acquire a portion of erf 10512 Langebaan for the relocation and upgrade of the sewerage pump station. The acquisition of the land is to ensure an uninterrupted and essential service to the community.

26.5 Additions / Improvements

Depending upon the type of addition or improvement to a specific asset the responsible official in the Department must notify the Asset Control Section of the change in status. The asset master record will be amended on receipt of the required asset acquisition form from the responsible Department.

When capital expenditure is incurred for any enhancement/improvement of an asset, the Department shall complete the necessary asset acquisition form and forward it to the Asset Control Section.

Valuation:

The 2021 market value of Erf 10512 Langebaan is R16 422 000, and after apportioned from 164216m² to 1190.5m² the market value is estimated to be R119 053.00

5. CONSULTATION WITH INTERNAL DEPARTMENTS AND EXTERNAL ROLEPLAYERS – ANNEXURE C

1. The subject portion required for the pump station will have to be subdivided off and rezoned for Authority Zone.
2. Consideration should be given to including the existing pump station land portion in this exercise.
3. Confirmation be obtained that the landowner (Dartingo) is VAT registered.

6. COMMENTS OF THE CFO

The recommendations are supported, subject to compliance to the relevant legislation.

7. COMMENTS OF THE DIRECTOR: COMMUNITY AND OPERATIONAL SERVICES

The recommendations are supported

8. DIRECTOR ECONOMIC DEVELOPMENT AND STRATEGIC SERVICES

The recommendations are supported.

9. COMMENTS OF THE DIRECTOR: ENGINEERING AND PLANNING SERVICES

The existing pump station was constructed within a registered servitude – see attached. As the new pump station replace the existing pump station, it is not needed to be included.

The upgrade of the pump station is essential to cater for the existing sewerage from current developments and to cater for new development in Laguna/Olifantskop area. Regular spillages at Blue Lagoon estate are experienced as the existing pump station has reached it capacity. This project is provided on the capital budget for 2022/23.

10. COMMENTS FROM SENIOR MANAGER: LEGAL SERVICES

As confirmed in the report the relocation and upgrade of the Oliphantskop sewer pump station is essential and would the acquisition of a 1190.5m² portion of Erf 10512, Langebaan ensure an uninterrupted and essential service to the community.

Subject to the compliance and adherence to applicable legislation the recommendations are supported.

11. COMMENT OF MUNICIPAL MANAGER

12. RECOMMENDATIONS

- i) that Council note this report;

We, Dartingo Trading 36 (Pty) Ltd. hereby give consent to the sale of a portion of Erf 10512 for the placement of the Oliphantskop Sewer pump station subject to the valuation being acceptable to ourselves as selling price. This portion is in the road reserve as indicated on the attachment drawing. We will require that Saldanha Bay Municipality takes full responsibility for the operation and maintenance of the pump station and surrounding gardening and ensures that it will be visually and architecturally acceptable to suit the adjacent developments on Erf 10512, Langebaan. Saldanha Bay Municipality must ensure that the pump station reserves sufficient capacity for the development on Erf 10512, Langebaan. According to the most recent GLS Sewer Masterplanning dated June 2019, this would be a minimum of 211,5 Kl/day.

We note that there will be no cost to Dartingo for the sewer pump station project.

Yours truly,
