

TARGETS

- Lower poverty levels for all people.
- Half the number of men, women and children living in poverty.
- Implement adequate social systems to protect the vulnerable and poor.
- Provide equal economic opportunities, basic services and access to natural resources, property and technological advances to the whole society.
- Unite in strengthening the resilience of all vulnerable communities to better absorb social and environmental shocks.
- Ensure easily accessible resources in developing countries to socially equitable programmes and policies.
- Create uniform and consistent pro-poor and gender-sensitive policies on national, regional and international platforms to encourage accelerated investment.
