

TARGETS

- Ensure access for all to adequate, safe and affordable housing and basic services and upgrade slums.
- Provide access to safe, affordable, accessible and sustainable transport systems for all, improving road safety.
- Inclusive and sustainable urbanization and capacity for participatory, integrated and sustainable human settlement planning and management in all countries.
- Strengthen efforts to protect and safeguard the world's cultural and natural heritage.
- Reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters.
- Reduce the adverse per capita environmental impact of cities.
- Provide universal access to safe, inclusive and accessible, green and public spaces.
- Support positive economic, social and environmental links between urban, peri-urban and rural areas by strengthening national and regional development planning.
- Increase the number of cities and human settlements adopting and implementing integrated policies towards inclusion, resource efficiency, mitigation and climate change.
- Support least developed countries, including through financial and technical assistance, in building sustainable and resilient buildings utilizing local materials.
