

## 3 GOOD HEALTH AND WELL-BEING

### TARGETS

- Reduce global maternal mortality.
- End preventable deaths of new-borns and children under 5 years of age.
- End the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water-borne diseases and other communicable diseases.
- Reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being.
- Strengthen the prevention and treatment of substance abuse.
- Strengthen the implementation of the World Health Organization Framework Convention on Tobacco Control.
- Support the research and development of vaccines and medicines for the communicable and non-communicable diseases.
- Substantially increase health financing and the recruitment, development, training and retention of the health workforce.
- Strengthen the capacity of all countries for early warning, risk reduction and management of national and global health risks.
