6 CLEAN WATER AND SANITATION

TARGETS

- Achieve universal and equitable access to safe and affordable drinking water for all.
- Achieve access to adequate and equitable sanitation and hygiene for all.
- Improve water quality.
- Substantially increase water-use efficiency.
- Implement integrated water resources management at all levels.
- Protect and restore water-related ecosystems.
- By 2030, expand international cooperation and capacity-building support to developing countries in water- and sanitation-related activities.
- Support and strengthen the participation of local communities in improving water and sanitation management.
