Applicant Signature:

Date:

FOR OFFICIAL USE ONLY:

Approved:	Yes	No
Grey water signage reference number:		
Special conditions if approved:	<ol style="list-style-type: none">1.) Do not store grey water; this results in a pathogen bloom, which may be a health risk and also produces offensive odours.2.) If grey water needs to be stored, a water purification system must be added to clean the water.3.) When using grey water for garden irrigation, any product used in the washing / shower will end up in your garden. It is advisable rather to use environmentally friendly detergents free of phosphates.4.) Do not use grey water to water edible parts of plants in a vegetable garden.5.) You will receive a SBM signage saying you are using grey water. This must be clearly visible from a public thoroughfare
